Mobile: 07547321558 **Nationality:** Romanian

Personal profile

A passionate, final year sound engineering student, with a special interest in working with bands and creating music. Enjoys being part of a team in working on different projects, especially when a creative aspect is involved.

Relevant experience

2012-2013 recorded several bands in professional studios

- Gained experience in dealing with a band and their needs, in a studio environment.
- Worked with analog desks such as, Soundcraft Ghost, Amek Einstein, or digital consoles such as Control 24 or Yamaha DM2000, also, familiar with a variety of outboard effects and preamps.

Summer of 2010 2011 and 2012 organizer of live music concerts

- Responsibilities included: dealing with musicians, preparing the stage and the venue, FOH and monitor engineering, advertising, raising funds.
- This experience developed my skills as an engineer, in dealing with important people and meeting deadlines.

Winter break of 2012 worked as audio/video editor for ITV Romania.

- Responsibilities included: audio and video montage for the news report.
- This experience developed my skills in working in a professional environment, dealing with superiors, and premier pro video montage software

Since 2008 played in several bands (live concerts and studio sessions)

- I gained experience as a performer, which enabled me to understand and develop a better workflow with the artist as a sound engineer.

- Learned to work in a team and trained my perseverance.

Skills

- **Studio environment:** Familiarity with a variety of recording and mixing techniques, a wide range of microphones, analog and digital desks (Control 24, Einstein) , and a good understanding of signal routing.

- **Live sound environment:** Familiar with signal routing, cables and connectors, live mics and placement techniques, confident in using parametric EQ, compressors, gates, effects, sends and returns. Mostly worked on digital consoles.

- **Synthesis and MIDI:** Familiar with the methods of synthesis including sampling.

- **Audio Production for film:** Initiated in all the aspects of post-production for film such as, ADR, foley, sound effects, music, editing and mixing, also with the equipment involved such as boom mics, wireless recorders, different mixing consoles and effects.

- **Softwares:** Pro Tools 10, Logic Pro, Reason and D-show.

- **Languages:**English,Romanian and Hungarian

- **Computing:** Familiarity with windows packages including: Word, Powerpoint, Excel.

- **Driving:** European Driving License

Education and Qualifications

2011 to date The University of Bolton BSc Sound Engineering and Design-
expect to graduate June 2014

Pro Tools 101 certificate - passed in 2012

BSC Level 1 Award in Health and Safety at Work-passed 06/11/2012

2007-2011 Mihai Eminescu National College

- Romanian Bacalaureate – Mathematics (A), Computer Science (A), Romanian Literature (A)

- AS level History (B)
